## SPLIT MESH DOOR SET

[www.WeRackYourWorld.com](http://www.WeRackYourWorld.com)

# product spotlight

*Let's split, out the back...*

In a time when data room real estate space is at a premium, Great Lakes Case & Cabinet is here to help. We are introducing split mesh door sets to our standard product offering. The doors are available for the 84" ES Server Enclosures, both 24" and 29" wide styles. They will also work on the 84" E-Series Cabinet.

Split doors allow your server enclosures to be placed back to back and reduce the required aisle space. ES enclosures that are 29" wide will only require a reduced door clearance of 14.25", with the 24" wide enclosures needing only 11.75".

Door Sets come standard with a swing handle and three point latching. Optional handles available, please see our most recent catalog or visit us on the web at [www.werackyourworld.com](http://www.werackyourworld.com)
